TESTIMONY OF WISCONSIN IN-
SURANCE COMMISSIONER BE-
FORE COMMITTEE.

FOR A FAVORABLE DECISION

EQUITABLE LIFE SOCIETY OF-
FERED TO CONTRIBUTE TO
CAMPAIGN FUND.

Milwaukee, May 17.—The most sen-
sational testimony that has been pre-
sented to the special insurance investi-
gating committee of the Wisconsin
legislature was given Wednesday af-
ternoon when Insurance Commissioner
Host of the Wisconsin department
of insurance testified before the com-
mittee that on June 16, 1903, the day
on which the hearing in the case of
the State of Wisconsin against the
Equitable Life Assurance society of
the United States for a compulsory
distribution of the surplus of that
company to Wisconsin policyholders
was to be held by him, Secretary of
State Walter L. Houser entered the
insurance commissioner's office and
said that if Mr. Host would render a
decision in accordance with a slip
handed him by Mr. Houser to Mr.
Host, which would have been a de-
cision favorable to the Equitable com-
pany, that the Equitable Life Assur-
ance society would give \$2,000 to-
ward a campaign fund for a renomi-
nation of the state officers in the next
campaign.

The slip which Insurance Commis-
sioner Host testified Secretary of
State Houser handed to him was pre-
sented to the committee and con-
tained on it these words:

"Petition is denied and same is dis-
missed for the reason that a determi-
nation of the subject thereof requires
the exercise of judicial function that
cannot be exercised by the defend-
ant.

Would Stop Similar Proceedings.

"It is further announced as a rule
of this department that no similar
proceedings be entertained until a
final adjudication of the same is had
in the courts of the state."

Mr. Host testified that he told Mr.
Houser that he would think the mat-
ter over. His decision was against
the Equitable Life Assurance society,
which afterward took the case into the
courts and there obtained a rule ad-
verse to Mr. Host's order for a com-
pulsory distribution of the surplus on
deferred dividend policies at least
once in five years.

Insurance Commissioner Host fur-
ther testified that Robert Luscombe, a
lobbyist who has for years repre-
sented Eastern insurance companies be-
fore various legislatures, telephoned
to him three times from Chicago be-
tween June 16 and July 21, 1903, the
latter having been the day on which
Mr. Host rendered his decision and
asked Mr. Host to come to Chicago,
saying he thought he had an argument
which would convince Mr. Host that
the statute in question was not com-
pulsory.

Secretary of State Houser took the
stand in his own defense and admitted
that he and Luscombe were friends
and declared that Luscombe had
handed him the written slip of paper
which he had handed to Mr. Host and
requested that he give it to the in-
surance commissioner. Mr. Houser,
however, emphatically denied that any
mention was made of a campaign
fund contribution at the time of his
handing the slip of paper on which
the Equitable decision was written to
the insurance commissioner.

Admissions by Houser.

Mr. Houser admitted that he had
asked Mr. Host to request contribu-
tions from insurance companies for a
political campaign against Congress-
man Joseph W. Babcock in the Third
Wisconsin district and said Mr. Host
had not taken unkindly to the sugges-
tion but said he would think the mat-
ter over. This suggestion in regard
to the Babcock campaign fund was,
however, not made at the time of
handing of the slip in regard to the
Equitable decision.

Both Secretary of State Houser and
Insurance Commissioner Host have
been among the most prominent La
Follette men of this state. Secretary
Houser is running for a third term
and in his testimony he intimated
strongly that he considered the
charges a campaign move against
him.

In rebuttal, after Mr. Houser's tes-
timony, Insurance Commissioner Host
declared Mr. Houser had never ap-
proached him in regard to obtaining
insurance campaign funds against Mr.
Babcock. Once Mr. Host said, some-
one around the capitol, he could not
say whom, asked if contributions to
the campaign funds could not be ob-
tained from the insurance companies
and that he had promptly said he

would not be a party to any such re-
quests for funds.

Because of the prominence of the
parties politically, the testimony of
Mr. Host is an immense political sen-
sation as well as an insurance sen-
sation in this state.

RESULTS OF A RIOT.

Martial Law Now Reigns in Coey-
mans, N. Y.

Coeymans, N. Y., May 17.—What is
practically martial law reigns in this
little town on the west bank of the
Hudson river, twelve miles south of
Albany. The strike of the brick-
makers, in force all along the Hudson,
broke into riot here early Wednesday
morning and after a pitched battle
between 500 union strikers and nearly
as many negro nonunion men, Sheriff
Pitts decided that he and his deputy
could not suppress the disorder and
four Albany companies of militia ar-
rived here in the evening.

Negroes are imported annually in
the spring for extra work and they
refuse, as a rule, to join the union for
the short time they are here. The
main demand of the strikers is for
recognition of the union by the em-
ployment of its members only.

The strikers Tuesday night served
notice on the nonunion men that there
would be trouble and carried out their
threat by an armed attack which be-
gan soon after the men went to work
at 4:30 a. m. The men at most of
the yards quit at sight of the armed
strikers, but at the yards of Sutton &
Sunderly there was a fierce fight in
which three men were wounded. When
the militia arrived the strikers went
to their homes.

PLANT PARTIALLY DESTROYED.

Fire Near Charlotte, N. C., Causes
Heavy Property Loss.

Charlotte, N. C., May 17.—The
plant of the South Atlantic Waste
company, in a northern suburb of
Charlotte, was partially destroyed by
fire Wednesday night. Six thou-
sand bales of waste were destroyed
and valuable machinery was badly
damaged. The loss will reach \$250-
000, nearly covered by insurance.

ISSUES A STATEMENT

STANDARD OIL COMPANY RE-
PLIES TO CHARGES OF COM-
MISSIONER GARFIELD.

New York, May 17.—The Standard
Oil company Wednesday issued to its
shareholders a statement in reply to
the special message recently sent to
congress by President Roosevelt and
the report on the country's oil indus-
try by Commissioner Garfield of the
bureau of corporations, which ac-
companied it. The statement is signed
by C. M. Pratt, secretary, and was is-
sued by order of the board of direc-
tors. It denies positively the charge
that the Standard Oil company bene-
fitted by secret rates for the trans-
portation of its products.

"Whatever measure of prosperity it
has enjoyed," says the statement, "is
not traceable to illegal or reprehensi-
ble methods, but to its economic and
elaborate industrial organization, cov-
erning as it does every detail of
transportation, manufacture and ad-
ministration."

The statement declares that the es-
timate that the company saves \$750-
000 a year through the operation of
certain freight rates could only have
been arrived at by theorizing.

Criticisms Unfounded.

Taking up the report of Commis-
sioner Garfield under various heads,
the statement undertakes to show that
his criticisms of the company's trans-
actions in New England are un-
founded. In corroboration President
C. S. Mellen of the New York, New
Haven and Hartford and President
Lucius Tuttle of the Boston and
Maine are quoted in terse denials
that their respective railroads have
shown undue favoritism to the Stand-
ard Oil company.

The rates from Olean, N. Y., are
then touched upon, after which comes
a statement relative to shipments into
the South from Whiting, Ind., through
Grand Junction, Tenn., and East St.
Louis.

The statement says that, generally
speaking, there is a competing refinery
in almost every section of the United
States where the Standard has a re-
finery except at Whiting, Ind.; that
Mr. Garfield is not able to show that
the Standard Oil company received a
single rebate on its interstate ship-
ments; that the Standard is not a
monopoly for the reason that it has at
least 125 rival refineries.

Saloonkeeper Shot Dead.

Helena, Mont., May 17.—William C.
Eage, a saloonkeeper at Sand Coulee,
a coal mining camp in Cascade coun-
ty, was shot and instantly killed just
before noon by Justice of the Peace
John E. Taylor. The shooting was
the culmination of a difference be-
tween the men that has existed for
some time.

REPLY BY RAYMOND

NEWSPAPER CORRESPONDENT AT
WASHINGTON ANSWERS AT-
TACK OF BAILEY.

ROOSEVELT NOT TO BLAME

PRESIDENT DID NOT AUTHORIZE
STATEMENTS MADE BY THE
NEWSPAPERMAN.

Chicago, May 17.—Under the Wash-
ington date of May 16 the Tribune
publishes the following from "Ray-
mond," its Washington correspondent,
in answer to the attack made upon his
veracity by Senator Bailey of Texas:

"When the Hon. Joseph W. Bailey,
senator from Texas, struck at the
president of the United States over
my humble shoulders, for that is all
he did on the floor of the senate to-
day, he apparently was unaware that
there was documentary evidence in
existence both in the official Congres-
sional Record and in the form of
written memorandum by Former Sen-
ator William E. Chandler, absolutely
proving that he was an object of sus-
picion to the real friends of the pres-
ident's railroad policy.

"This is not to say that Mr. Bailey
deserved the suspicion, but that his
motives and his acts in the Demo-
cratic conferences, in the Democratic
caucuses, on the floor of the senate
and in conference between Tillman
and Moody and through Mr. Chandler,
with the president, gave rise to the
suspicion that he was not true to the
principle of railroad rate regulation is
clear from the Record itself and can-
not be successfully denied.

Bailey May Be Innocent.

"Mr. Bailey may be innocent as a
babe unborn, and he says he is, but
the suspicions did exist, they have
existed for weeks, they have been
talked of in the cloakrooms of the
senate, on the streets, at the White
House and elsewhere. They have
been mentioned in many newspapers
and if they have not been justified Mr.
Bailey is unfortunate and his charac-
ter should be relieved from aspersion.

"First of all, let me quote William
E. Chandler, formerly a senator from
New Hampshire, now the president of
the Spanish claims commission. He
is the personal friend of Senator Till-
man, he was the intermediary be-
tween Tillman and the president.
Whichever of the two originated the
negotiations Chandler certainly con-
ducted them. It was his evidence
which has twice been cited by Mr.
Tillman on the floor of the senate, and
it is Chandler who, in effect, has
given the lie direct to the president.

"In the dispatch sent by me on
Monday to the Tribune which aroused
such a tempest in the senate this
afternoon and which provoked Sen-
ator Bailey to declare it to be a ma-
licious lie and to insinuate it was di-
rectly inspired by the president him-
self, I stated facts on the authority of
Chandler himself. It was he who
conveyed to the White House the in-
formation that

Bailey Was a Traitor

and if the Texas senator has anyone to
blame it must be Tillman's friend,
William E. Chandler.

"In the very outset of the negotia-
tion he was conducting, Chandler pre-
pared and left at the White House a
written memorandum for the benefit
of the president. I have not the text
of that memorandum before me, but
quoting from memory it says: 'The
railroad senators want the Bailey
amendment, but Tillman is for the
president's court review amendment
and will block their game.'

"This is nearly a literal quotation,
but no one could have the text prob-
ably without the permission of the
president.

"The dispatch I sent to the Tribune
was telegraphed on my own authority
and without the knowledge or consent
of the president, against whom Bailey
trained his batteries today, and not
against me. I have not seen the
president since the dispatch was
written and I have not asked him for
the text of this memorandum of Wil-
liam E. Chandler, because the text
could at best add only a few words
to the quotation I have given.

Knows He Is Correct.

"I know I am correct in the state-
ment that during the course of the
negotiations William E. Chandler, who
since has accused the president of
falsehood, made an oral report either
to the president himself, or to some-
one representing him, which was
much more specific. During this talk,
Chandler in explaining the difficulties
in securing united action by the Dem-
ocrats, stated in so many words that
he and Tillman were suspicious of
Bailey, believing he was in an alliance

with Aldrich and associating with the

watching his maneuvers and expected
to be able to prevent any evil effects.
"These were the suspicions to which
I alluded in the previous dispatch as
having constantly existed and as hav-
ing influenced the administration be-
yond all doubt in dropping the nego-
tiations with Tillman through Chand-
ler and renewing the efforts to unite
the Republicans on a reasonable basis

SEEKS COMPROMISE

CZAR OF RUSSIA WILL GRANT
PARTIAL AMNESTY TO SAT-
ISFY PARLIAMENT.

WOULD ALSO OUST CABINET

WILLING TO REPLACE GOREMY-
KIN MINISTRY WITH CON-
SERVATIVE MEMBERS.

St. Petersburg, May 17.—In spite of
the fear that the addresses in reply to
the speech from the throne made
Tuesday in the lower house of parlia-
ment would precipitate an immediate
conflict between the crown and parlia-
ment, the Associated Press is in a
position to state that Emperor Nich-
olas is determined to avoid a breach
if possible. Not only will partial
amnesty be granted, but the emperor
is ready to replace the Goremykin
ministry with a cabinet chosen from
among the conservative members of
the majority in the lower house in
the hope of effecting a compromise.
He is not willing, however, to permit
the majority to select the premier;
but once such a concession is made it
is difficult to understand how the
emperor can halt half way and refuse
a full constitutional monarchy, which
government by parliamentary majori-
ties involves.

Practically the parliament has al-
ready won a great victory.

In spite of the all-prevailing crav-
ing for the rostrum, the house, after
the evening recess, finished general
discussion of the address and took
up the separate plans of the docu-
ment, adopting four before adjourn-
ment.

These cover universal suffrage, re-
form of the bureaucracy and provin-
cial administration, stoppage of repres-
sions, and the all-important point of
ministerial responsibility. On this
last the radicals scored their first
triumph, forcing the inclusion in the
paragraph of a complete demand for
ministerial responsibility by the in-

section of the word "all" before the
word "ministers."

Professor Kusmin-Karaviev made
the most sensational remark of the
evening while defending ministerial
responsibility, openly hinting at the
possibility that Emperor Nicholas
might meet the fate of Louis XVI. If
he rejected the principle. "We
stand," he said, "in the position of
France in 1789. Had the proposal of
Mirabeau for a responsible ministry
been accepted, France might have
escaped the years of bloodshed, an-
archy and tyranny which followed. A
solemn warning lies for us therein."

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

A FINE RECOMMENDATION.

The St. Cloud Journal-Press pays Senator Frater the highest compliment possible when it says:

Senator John T. Frater of Brainerd is slated for the appointment of Indian agent at Leech Lake. Mr. Frater in the first instance is an honest man, with good business training and excellent judgment. He is familiar with the country and conditions in northern Minnesota and will stand for a square deal for the wards of the government. His appointment will meet with general approval.

The Brainerd Dispatch says that his appointment will give S. F. Alderman a clear field as the Republican candidate for senator from the Crow Wing-Morrisson district, and will harmonize the party interests on the legislative ticket in these counties. Mr. Alderman is a high grade gentleman, and will be an excellent member of the senate.

No fascination equals that of a clear brained, tender-hearted, lovable woman. Just as there is no picture like a beautiful girl. Hollister's Rocky Mountain Tea make lovable women, beautiful girls. 35c. H. P. Dunn & Co.

COL. THORPE HOME

Col. Freeman Thorpe Passed Through The City Today on His Way to His Home at Hubert

Colonel Thorpe, Crow Wing county's famous portrait painter, was in the city a short today on his way home from Texas where he spent the winter. Mr. Thorpe speaks in glowing terms of the Lone Star State and says it is the coming section of the country. It is as yet largely undeveloped but he believes that it has a great future before it. Colonel Thorpe will return there next winter accompanied by his family as he has commissions in the leading Texas cities that will occupy the entire winter. In fact he is bringing some portrait studies up here with him which he will work on during the summer and complete them next winter. He expects to remain at Hubert about six weeks after which he will go to Montana for July and August. He has already more commissions ahead in Montana than he can fill in several years.

MORE HELPFUL

The Dr. Robertson Meetings Growing More Interesting and Helpful Every Day

As the Robertson Mission draws to its close the services grow more and more interesting and helpful. The morning meeting at the Y. M. C. A. yesterday was the largest yet held.

At the Presbyterian church in the afternoon Dr. Robertson preached a powerful sermon taking for his subject "Christ Healing the Nobleman's Son." He said the nobleman was a soldier and soldier like he fought his way through until he received the blessing the Master had for him. God has no room in his kingdom for idlers or cowards. He wants fighters. If we are to grow strong spiritually, if we are to get the blessing God has waiting for us, we must push for it, like Jacob of old wrestled with Him saying "I will not let go until thou bless me." The man who is determined to get the blessing is sure to have it.

In the evening at the Swedish Baptist church a large audience listened with breathless interest to Dr. Robertson who preached a most helpful and telling sermon taking his subject "Zacchaeus, the Tax Collector near Jerico." Zacchaeus having received the inward call by the holy spirit now hears "the outward call" through the instrumentality of the blind beggar of the same city. Being short in stature he climbed up a ladder divinely prepared years before he ever thought of seeking the Master. An Egyptian fig tree planted by the roadside. Christ, looking up through an opening among the leaves invites him to come down. The result will be given in the sermon of this evening. Everybody come out and hear it.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At H. P. Dunn & Co.'s Drug store, Brainerd, Minn. 50 cents.

HEALTH IN BRAINERD.

H. P. Dunn & Co. Say Care of Digestion Solves Problem of Long Life.

H. P. Dunn & Co. believe that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongue, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like M-o-n-a stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, an important step has been taken towards solving the question of good health and long life.

H. P. Dunn & Co. sell M-o-n-a on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

The state railroad and warehouse commissioners yesterday visited Winnipeg Junction and listened to what certain complainants in that town had to say regarding the proposed straightening of the track of the Northern Pacific. The prominent citizens of that place were up in arms over the intention of the company, as they alleged, to locate its new track at some distance out of the settlement.

The New York Central system is making ready to abandon the use of steam locomotives at its New York city terminals, and to substitute electric motor cars in their place. The change will take place on the New York Central for its line running into the Grand Central station along Park avenue south of the Harlem river, on or about the first of next September.

The electricity will be furnished in most places by the third rail system, but the New York Central in its yards will make use of the overhead wires, to lessen the danger to switchmen and other employees.

PROSPECTS GOOD ON THE CUYUNA

More Drills at Work on the Range Than Ever Before—Good Ore Is Being Found

OVER FORTY DRILLS WORKING

Steel Corporation Sinking Two Shafts—Development Moving Satisfactorily

While the flurry of excitement over the Cuyuna range has subsided somewhat it does not follow by any means that the work of developing the range is not moving along satisfactorily. The contrary is in fact the case. It was never expected by any experienced iron man that the mines on the Cuyuna range would be shipping ore this year. Had they done so it would have been something unprecedented in the history of the development of iron fields. A mine here and there, without the continuous range being determined and developed could never be mined with financial success. There are several reasons for this state of affairs. For instance, the Northern Pacific has no equipment for carrying ore. It could not afford to put in such equipment for one mine, nor could one mine pay the freight rate necessary to warrant such equipment for its output alone. Then, again, the location of several paying mines must be determined before it will pay to construct spurs on ore roads, for the reason that a direct line to one mine might leave a better one inaccessible.

These conditions are said by prominent iron men to have caused the Pickands-Mather people to suspend operations on section 8 in order to permit other mines to be developed so that all would be ready to ship at about the same time and thus be able to command facilities and rates that one mine alone could never secure. That the shaft on section 8 was not abandoned is conclusively shown by the fact that the company not only closed on their option on that property but on other properties in the neighborhood.

A man close to matters on the range made the remark recently in the hearing of a Dispatch representative that so far as he knew, or the records showed, there had not been an option taken by practical iron men, firms who consumed iron and were in the business to get iron, that had been surrendered or allowed to lapse. There has been less of the scalping of iron lands by speculators who jumped into the field and took options on all the land they could, regardless of the iron indications, than last year. These men were in no sense iron men, simply speculators, who took options in the hope of turning them over to iron men at an advance in price. These men have now got out of their depth and the swim, so to speak, is left to the men who are on the range after iron because they want iron, not to gather in the raise in real estate.

That the shaft on section 8, encountered a good body of ore of good quality, is admitted by the most conservative men on the range. It can also be stated conclusively that other better and bigger bodies of ore, of higher grade, have been developed by the drills since that shaft was started. The fact that the heaviest consumers of iron in the world, the American Steel Corporation is now at work sinking two shafts, besides having a number of drills at work, is pretty good evidence that they expect to do business on the Cuyuna when the proper times comes.

There are today over forty drills at work on the Cuyuna range proper, besides others on outlying prospects. The big operators are increasing the number of their drills right along and increasing the amount of money they are

daily investing in holes in the ground. They certainly would not do that were there nothing there.

That it will take a year perhaps two or three or even five to get the range in position to ship ore is admitted by all interested, but that the time is coming is as sure as death and taxes.

MUSIC AND DRAMA.

"MY WIFE'S FAMILY."

Under the alluring description of "merry musical mixup" "My Wife's Family" is announced for the attraction at the Brainerd opera house Saturday, May 26. There is nothing serious about this piece excepting its determination to give those who see it some new and good reason for laughter. With this end in view Stephens and Linton, the authors, have taken the old familiar theme of a henpecked husband with a wife who has many relatives who always visit her, and with this framework they have done what would seem almost impossible—devised a play which has been pronounced everywhere to have all the elements of success, namely originality and ginger. For the sake of variety, music and dance numbers have been introduced, and the whole has been put into the hands of an exceedingly capable company. Appleton and Perry, the well-known comedians, play the parts of the young husband and the friend who is trying to help him get rid of his over friendly relatives, and they work in a lot of incidental comedy dialogue, as well as a deliciously ridiculous automobile and keep things moving feverishly minute. Their support is good throughout and includes Chas. Mitchell, Wm. Hearty, James Parke, Arthur B. Nice, Helen McGowan, Ruby Raymond, Edna Ward, Mabel Hawthorne, Lorraine Keene, Marie Del Vecchio and many others.

ALBERTA GALLATIN IN "COUSIN KATE."

From drama, the heaviest roles of drama, such as Mrs. Alving in Ibsen's "Ghosts," to comedy roles seems a long jump, but the distance is bridged most successfully by Alberta Gallatin in "Cousin Kate," in which she comes tomorrow night, under the management of Kane, Shipman and Colvin. Miss Gallatin's great versatility enables her to portray the charming "Cousin Kate" with an effectiveness fully as great as any reached in the heavier roles of drama. And the play itself is one of the most successful society comedies ever put on in New York, opening the Hudson theatre there and running for an entire season, playing always to a house filled to the doors.

ONE INDICTMENT MADE PUBLIC

Chas. Miller Indicted for Grand Larceny—Entered Room in National Hotel

CIVIL CASES BEING SETTLED

Quite a Number of Civil Cases Have Been Wiped off the Calendar Without Trial

When court met this afternoon Attorney Blewitt moved to dismiss the cases of Gilmer and Welch vs. the Northern Pacific railway company.

This brings the case of Chamberlain vs. Gordon on for trial this afternoon. This is a case from Hellenburg in which Chamberlain seeks to recover for services and money lent Gordon during a series of years. The work done was at farming and lumbering. Alderman & Mantor represent the plaintiff and A. D. Polk the defense.

Up to today but one indictment had been returned by the grand jury. This was against Charles Miller and was for larceny in the second degree. Miller is charged with entering the room of a fellow boarder at the National hotel about the 18th of January and abstracting an overcoat and other articles belonging to G. Leffler, a machinist. He returned to the hotel about a week afterwards and was found by Landlord Hoyt locked in another man's room. Mr. Hoyt summoned the chief and then kicked in the door and found Miller with the trunk of the occupant of the room open and about to be plundered. Miller broke down and confessed then to the theft of the coat the week before.

The grand jury is rumored to have other indictments determined upon, and is said to have been considering some of the fires in Brainerd the past few months, but no indictments have been given out.

The civil calendar is being wiped out rapidly. The case of Toger Peterson vs. J. M. Elder which was called for trial yesterday, was settled last night. This case, together with a case brought by Elder in regard to the award of a board of arbitration between Elder and Peterson were settled by the deposit of \$125 by Mr. Peterson to be paid to Mr. Elder on the completion of the drain Mr. Elder is putting in to carry off the water from the two farms.

The court is engaged today in trying the cases of John Gilmer vs. the Northern Pacific Railway Co. and Pat. Welch vs. the Northern Pacific Railway Co. These cases grow out of the injury received by horses owned by the plaintiffs while being shipped over the defendant railroad. The case was up before and was dismissed by Judge Spooner, one of the reasons given being that the case was brought by Gilmer & Welch instead of two cases being commenced. The cases were brought separately but are being tried together by consent of all concerned. Mr. Gilmer claims \$750 damages and Mr. Welch \$200. T. C. Blewitt and A. E. Bowe appear for the plaintiff and Bunn and Chamberlain for the defendant. The work of securing a jury was begun this morning.

In the case of Hammel & Co., vs. O. A. Borg, judgment was taken by default, the defendant making no appearance.

The case of Judge Holland vs. Wilmer Holmes, being the case to recover money advanced to the Hussey mining company, will be tried by the court in chambers on eight day's notice.

Civil cases have been docketed since the opening of court as follows:

M. L. Bane vs. A. V. Snyder.

Dan L. Young vs. C. G. Christianson.

Edward Eliason vs. A. A. Miller.

In the case of the State of Minnesota vs. Chas. Oswald, charged with assault
